COVER FALCON: Fred J. Hartley

CONTENTS — August 2001

This 1963 Sprint was used in the Annual Cotton Gin Festival in Bostwick, Georgia during the election frenzy of November 2000. The Sprint's "new" engine sports a 5 bolt 289 with a Holley 600 carb, on a Victor Jr. intake, a Reed Competition Cam, Red's Headers and Flowmaster 2 chamber mufflers.

Fred J. Hartley reports that "the local candidate for Senate did not win, but he probably got a lot more votes than he would have in a Chevy!"

President's Message

What a great National we had in Cromwell, Connecticut! A BIG Falcon thanks to the Northeast Chapter from all Falcon Friends from all over the country, for a job well done! And the weather was perfect!

Watch for more details in future issues. We may even get some coverage in the Mustang and Fords Magazine. Editor Larry Jewitt attended and was guest speaker at our banquet.

The Falcon Club of America is a family club. The membership consists of many second and third generation families, not to mention brothers and sisters, aunts and uncles, and cousins. Our Falcon family includes many ladies, not just supporting their husbands and boyfriends, but in an active Falconing role. The membership includes Falcon lovers of all ages. A Falcon may have been your first car, and in many cases it's been a first car for a son, daughter, or grandchild. Many of us have an extended family in the friends we've made through our love of Falcons. So, the National Meet is as much a family vacation and family reunion as it is a car show. It is never too early to sign up for next years Nationals in Nashville.

Thanks to the Music City Chapter and the Sonoma County Chapter for the great job they each did on their Regional Meets. Both meets were enjoyed by all that attended. Upcoming regionals: Maryland, St. Louis, and Texas. Try to attend one, not only will you have a great time you will see some great looking Falcons. You can renew old friendships and make some new ones. Plus, it will be a great chance for everyone else to see your Falcon.

Thanks to the efforts of your Vice President Russ Hoeksema, we now have a new membership system. But like all new systems it may take a few months to work out the kinks. Please be patient with us as we work through this new system. Now that we have a new system, we will be able to create and send out a new roster of the FCA membership. The details are still being worked out, but we hope to have the new roster in the mail by the end of the year.

Chapter officers, remember to include your Editor and Regional Director on your mailing lists. Keep those stories, pictures, and tech tips coming. And don't forget to send in a photo of your Falcon for the December Cover Photo Contest! See details on page 2.

Happy Falconing,

Steve and Carol

Golden Gate Chapter Cruises the Pacific Coast

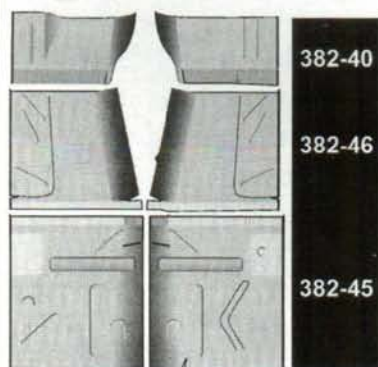

Six Falcons and two Rancheros were in attendance at 7:30 AM to begin the second cruise for the new Chapter. They drove to the oceanside airport in Half Moon Bay for the 11th Annual Pacific Coast Dream Machines Show. Early Industrial Age machines were displayed among modern street machines. A 1906 steam traction engine competed alongside a high-

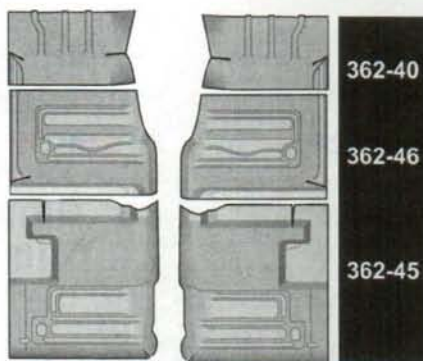

tech sled pulling tractor. A Northrup Flying Wing chased a biplane in the skies overhead.

The 3rd cruise was with the Mustangs for the Biggest Little Car Show at Suisun City Harbor. The Chapter is 25 strong and growing daily. With support from the Sonoma County Chapter and an active core of members, the Golden Gate Chapter is off to an excellent start. – Submitted by Alex Gerrits

COVER UPDATE

Editor's Note: There's nothing like getting your Falcon on the cover and having the Editor get your name wrong! Not just misspelled, but flat out, no-nothing, not-even-close, dead wrong. That's what happened to Leslie Combs of Maryville, Missouri on the June/July 2001 cover of the Falcon National News. Many apologies and thanks to Mr. Combs for sending more photos.

Leslie Combs
Maryville, MO

Leslie sent these updated photos of his homemade service station (museum) "with us and our 1964 Falcon and 1933 Terraplane. The Falcon is restored exactly like the one he had in high school.
